AGREEMENT

PREAMBLE

This Agreement made and entered into as of this 18th day of February, 2026 between **ST. MARY MEDICAL CENTER** (hereinafter called “SMMC”) and **SAINT MARY UNITED NURSES UNION /PENNSYLVANIA ASSOCIATION OF STAFF NURSES AND ALLIED PROFESSIONALS** (hereinafter called “UNION”).

WHEREAS, the parties hereto recognize that complete and uninterrupted patient care is of vital importance to the health, welfare and safety of the community, and desiring to establish conditions of employment under which members of the bargaining unit shall work for SMMC during the term of this Agreement; and

WHEREAS, the parties hereto are in further accord that effective labor management cooperation requires a clear statement of the respective rights and obligations of labor and management; and

WHEREAS, the parties hereto, in cooperation with one another, desire to reach agreement on terms and conditions of employment, and avert interruptions and interferences with services to patients;

NOW THEREFORE, in consideration of the mutual promises hereinafter set forth, it is agreed by and between the parties as follows:

ARTICLE 1 RECOGNITION

NOTE: The position of “charge nurse” or “permanent charge nurse” no longer exists at the hospital. “Charge nurse” duties may be assigned to staff nurses or clinical leads.

Section 1. SMMC recognizes the UNION as the sole and exclusive bargaining representative of all full-time, regular part-time, per diem, and pool Registered Nurses including all staff nurses, nurse educators, quality assurance nurses, RNFA’s, O.R. specialty

coordinators, surgical services specialty coordinators, reimbursement integrity specialists, midwives, pool midwives and lead midwives.

Section 2. Excluded from the bargaining unit are all temporary nurses/employees, Registered Nurses in the Employee Health Department, nurse practitioners, clinical informatics specialists, clinical leads, physicians, other professional employees, technical employees, service and maintenance employees, skilled maintenance employees, business office clerical employees, guards and supervisors, as defined by the Act.

Section 3. The term “SMMC” as used in this Agreement shall refer to the St. Mary Medical Center. Whenever the term “Employee” is used in this Agreement it shall refer to the employees in the bargaining unit covered by this Agreement.

Section 4. SMMC agrees that, for the duration of this Agreement, it will not seek to reclassify any current bargaining unit positions as a non-bargaining unit position through the NLRB or any other legal or arbitral process.

ARTICLE 2

UNION SECURITY/AGENCY SHOP/DUES/PAC

Section 1. All employees covered by this Agreement shall, within thirty (30) days of the effective date of this Agreement, or if newly hired, then within thirty (30) days of their date of hire, as a condition of employment, either become members of the union and pay the regular dues as determined by the Union, or shall pay the regular agency fee as determined by the Union. An employee who fails to pay either dues or agency fee as required by this Agreement shall, within twenty (20) calendar days following receipt by the Employer of a written demand from the Union, be discharged if during such period the required dues or fees have not been paid.

Section 2. Upon receipt of a written authorization form from an employee, SMMC agrees to deduct from the wages due said employee each pay period the periodic dues/agency fees as determined by the

Union. SMMC shall remit to the Union at its principal office, on or before the 15th day of each month, the dues and fees collected for the prior month along with an electronic roster of the employees paying dues/fees that month. The roster shall include each employee's first name, last name, hours worked, gross pay, and dues/fees remitted and shall be in Microsoft Excel or similar format.

Section 3. Upon receipt of a voluntary written authorization PASNAP PAC/COPE/Political Action Fund form from an employee, SMMC agrees to deduct from the wages due said employee the sum specified in said authorization and remit such sum to the Union monthly along with a roster as in Section 2 above of the employees having such voluntary PAC/COPE funds deducted.

Section 4. SMMC shall not be obligated to make deductions of any kind from any employee who, during any pay period involved, shall have failed to receive sufficient wages to equal the deductions.

Section 5. SMMC agrees to provide the Union an updated seniority list by name, date of hire, department/unit, rate of pay, phone, email, and address upon execution of this Agreement and on a quarterly basis thereafter.

Section 6. The Union shall indemnify and save SMMC harmless from any claims, suits, judgments, expenses, attachments and any other form of liability as a result of making a deduction in accordance with the provisions of this Article.

ARTICLE 3

UNION ACTIVITY

Section 1. Nurse Representatives of the Union shall be permitted to obtain or furnish information, police the terms of this Agreement, process grievances and perform related duties concerning the application or interpretation of this Agreement, provided such activities do not interfere with the performance of their duties. Employees shall not be compensated during off-time for time spent engaging in union activities of any kind, type, or description, including, but not limited to, investigating, processing, discussing or handling grievances at any Step,

or attending arbitration proceedings. Provided however, that if SMMC schedules a meeting during an employee's regular scheduled work hours, the employee and his/her Union Nurse Representative and/or a local Union Officer suffer no loss in earnings as a result of discussions required to be held during such regular scheduled work hours.

Section 2. Union Representatives, after requesting and receiving approval from SMMC's HR director or designee, which approval shall not be unreasonably denied, shall have reasonable access to SMMC for the purpose of administering this Agreement. Such visits will not interfere with the operation of SMMC.

Section 3. SMMC shall provide and maintain four (4) bulletin boards, one (1) outside the cafeteria exit, one (1) outside the staffing office, one (1) at the 2nd floor near the entrance to the garage, and one (1) at [location TBD] which shall be used for the exclusive purpose of posting Union notices and materials after such notices have been cleared by SMMC's Director of Human Resources or designee. Permission to post materials shall not be unreasonably denied.

Section 4. Elected or appointed Union Officers or Union Nurse Representatives may request planned release time for official Union business prior to the schedule being posted. Requests for planned release time pursuant to this section will be submitted like a PTO request, indicating Official Union Business. Such leave days shall not exceed five (5) days per year and shall not be unreasonably denied. The nurse may take the day without pay or use her/his PTO time. Nurses taking days off without pay may be required to work their budgeted hours during the pay period if necessary for staffing purposes.

Section 5. The work schedules of employees elected as Local Officers and/or Union Nurse Representatives shall be adjusted to permit regular attendance at regular Union Board meetings and Union annual meetings provided that SMMC's operation shall not be impaired. Seven (7) calendar days advance notice in writing to the employee's Department manager or his/her designee shall be given for any Nurse Representative Assembly Meeting not held on the regular schedule and will be accommodated if possible.

Section 6. New Hire Orientation. The Union shall be granted an uninterrupted thirty (30) minute lunch to address new hires during the new hire orientation period, and shall provide the nurses a lunch to eat during the presentation.

ARTICLE 4 CLASSIFICATION OF EMPLOYEES

Section 1. Regular Full Time (70-80 hours): Regular full-time employees are those who work a minimum of seventy (70) hours per pay-period on a regularly-scheduled basis and fill an authorized full-time budgeted position. Employees in this category are eligible for SMMC benefits.

Section 2. Regular Part Time (32-69 hours) — Benefits
Eligible: Regular part-time employees are those who work a minimum of thirty-two (32) hours, but less than seventy (70) hours per bi-weekly pay period on a regularly-scheduled basis and fill an authorized part-time budgeted position. Employees in this category are eligible for SMMC benefits on a prorated basis.

Section 3. Part Time (<32 hours) — Non-Benefit Eligible:
Part-time (<32 hours) employees are those who work a regular schedule of less than thirty-two (32) hours per bi-weekly pay period. Employees in this category are not eligible for SMMC Benefits but may participate in the Limited Benefits Insurance Plan program.

Section 4. Pool: Pool employees are those who work only as required with no guaranteed minimum time, generally less than forty (40) hours per bi-weekly pay period. Employees in this category are not eligible for SMMC Benefits but may choose to participate in the Limited Benefits Insurance Plan program.

Section 5. Temporary: Temporary employees are those who are hired on a temporary full-time or part-time basis for a specific purpose, function, or period of employment not to exceed six (6) months. Employees in this category are not eligible for SMMC benefits. In no case, however, shall a Temporary employee be employed for more than six (6) months without being offered a regular position. Temporary

employees include and may be referred to as agency or contract employees.

Section 6. Leave of Absence: Employees on a personal, medical, or family leave of absence are considered to be in inactive status. Employees in this status may continue their most recent insurance coverage by paying the appropriate contributions.

Section 7. Terminated: Terminated employees are considered employees through the end of the workday on the effective date of their termination. After this date, they are no longer considered employees of SMMC.

Section 8. Benefits: Employees are eligible for benefits as per above, except as otherwise specified in this Agreement.

ARTICLE 5 PROBATIONARY PERIOD

Section 1. All new employees hired will be considered probationary employees for a period of one-hundred eighty (180) days from the date of hire.

Section 2. During the probationary period, SMMC may discharge any such employee at will and such discharge shall not be subject to the grievance or arbitration provisions of this Agreement.

ARTICLE 6 NON-DISCRIMINATION

It is the policy of SMMC to provide equal employment opportunities in all aspects of employer/employee relations according to federal, state, and local laws, ordinances, and executive orders. Accordingly, SMMC and PASNAP both agree that we will not, together or independently, discriminate against employees, applicants, or members based on the following legally protected characteristics: race, color, religion, sex (including sexual orientation and gender identity), pregnancy (including childbirth, lactation and related medical conditions), national origin, ancestry, age, physical or mental disability,

genetic information (including testing and characteristics), veteran status, uniformed servicemember status, union activity (whether in support or not) or union membership (whether a union member or not), or any other status protected by applicable local, state or federal law.

ARTICLE 7 GRIEVANCE AND ARBITRATION

A. DEFINITION AND PROCEDURE

Section 1. Procedure: Should any dispute arise as to the interpretation, or alleged violation of the Agreement, the employee or employees affected or the Union shall process the grievance in accordance with the following procedure.

Section 2. Computing Time Limitations: Saturdays, Sundays and named holidays shall be excluded from the computation of time limitations under the grievance and arbitration procedure of this Agreement.

Section 3. Since it is important that a grievance be processed as rapidly as possible in order to further labor/management relations, all time limits must be adhered to. If the employee fails to file a grievance within the time period or fails to appeal the grievance to the next step, the grievance shall be resolved and not subject to further appeal. If management does not respond at Informal Step, Step One, or Step Two by meeting or written response within the time period the grievance shall be automatically advanced to the next step in the grievance process. If management does not respond at Step Three within the time period the grievance shall be resolved in the grievant's favor.

Section 4. Written responses to Steps One (1), Two (2) and Three (3) shall be made to the employee, and the representative(s) of the Union participating in the grievance meeting.

Section 5. A grievance that affects a substantial number or class of employees, shall initially be presented in writing within ten (10) days of the event at Step Three (3).

Section 6. Any time limit within this Article may be extended by mutual written agreement of the parties executed before the contractual time limit. Such extension shall not be unreasonably denied.

B. STEPS

Informal Step. The employee or employees shall informally approach their supervisor/manager, or responsible party, to identify the particular contract provision that the employee believes to have been violated to see if the matter can be resolved informally. If no common understanding is reached, the matter may proceed to Step One (1).

Step One (1). The employee or employees affected shall reduce the grievance to writing, specifically identify the contract provision alleged to have been violated and factual details that can aid in the investigation and resolution, and hand-deliver and/or send electronically it to his/her immediate supervisor or manager within fifteen (15) days of its occurrence, either directly or through a representative of the Union in an attempt to effect a satisfactory resolution. The supervisor/manager shall have ten (10) days after the grievance was first presented to answer the grievance. The Union may within five (5) days after the supervisor/manager's answer appeal to Step Two.

Step Two (2). The employee and Nurse Representative and/or Union Representative shall present the written grievance to his/her Department Manager/Director or his/her authorized representative. The Department Manager/Director or his/her designee shall have five (5) days to meet with the employee and Nurse Representative and/or Union Representative in an attempt to reach a satisfactory resolution and shall provide a written response within five (5) days to the employee or Nurse Representative. If no satisfactory settlement is reached, the Union may appeal to Step Three.

Step Three (3). The grievant, Nurse Representative and/or Union Representative will submit the written appeal to SMMC HR Director or his/her authorized representative within ten (10) days after response from Step Two (2) was received or was due from the Department Manager. The HR Director or designee(s) shall schedule a

recurring monthly “Third Step Grievance Meeting” with the Union where unresolved grievances shall be heard on a schedule. SMMC HR Director or designee shall provide a written decision within ten (10) days of the meeting. Monthly meetings may be rescheduled or canceled at the convenience of either party or if there are no grievances to hear. A separate third step meeting may be scheduled at the request of either party.

Section 7. Time spent preparing grievances, participating in steps of the grievance process, or in arbitration is not compensable by the employer, unless completed during the ordinary course of a regularly scheduled shift with the permission of the nurse’s manager. Such permission shall not be unreasonably denied.

Section 8. Effect of Settlement: The disposition of any grievance at any step of the grievance procedure, or prior to actual receipt of the decision of an arbitrator, by agreement between SMMC and the Union shall be final and binding upon the employee, employees or persons who are involved or affected thereby. Any interpretation of this Agreement agreed upon by SMMC and the Union shall be final and binding upon all employees and upon any person affected thereby, unless otherwise agreed by the parties hereto.

Section 9. Suspension/Discharge: Within twenty four (24) hours a Union Representative and the Co-Presidents shall be notified in writing via email of an employee who has been issued a disciplinary suspension or discharged, or Nurse Representative or Union Representative, shall file his/her appeal at Step Three (3) with the SMMC HR Director or his/her authorized representative within ten (10) working days from the receipt of notice by the Union of the disciplinary suspension or discharge. The grievance shall then be processed in accordance with Step Three (3) of the grievance procedure.

C. ARBITRATION

Section 1. A grievance or disciplinary appeal other than one involving a performance evaluation, which has not been resolved may within thirty (30) working days after completion of Step Three (3) of the

Grievance Procedure, be appealed to arbitration by the Union to an arbitrator selected in accordance with the procedures of the American Arbitration Association. The arbitration shall be conducted under the Voluntary Labor Arbitration Rules then prevailing of the American Arbitration Association. Within ninety (90) days of ratification of the Agreement, the parties shall agree to establish an arbitration panel.

Section 2. The fees and expenses of the American Arbitration Association and the arbitrator shall be borne equally by both parties.

Section 3. The Arbitrator's decision shall be rendered within thirty (30) working days after the hearing, unless extended by mutual agreement. The award of an arbitrator hereunder shall be final, conclusive and binding upon SMMC, the UNION and the employee(s).

Section 4. The Arbitrator shall have jurisdiction only over disputes arising out of grievances, defined as disputes regarding the interpretation, or alleged violation of this Agreement only, and he/she shall have no power to add to, subtract from, or modify in any way any of the terms of this Agreement. The scale of wages established by this Agreement shall not be changed by any arbitration decision.

Section 5. Unless mutually agreed by the parties in writing, no more than one (1) grievance shall be submitted to an Arbitrator in any case. An Arbitrator hereunder shall have no jurisdiction or power to hear or decide more than one (1) grievance at one (1) time.

ARTICLE 8

CORRECTIVE ACTION AND DISCHARGE

Section 1. SMMC shall have the right to issue corrective action or discharge any employee for just cause only. SMCC will notify the Union and a Nurse Representative via email of any discharge or disciplinary suspension within twenty-four (24) hours immediately following the discharge or disciplinary suspension.

Section 2. When an investigatory interview that could result in corrective action or discharge is scheduled, a nurse shall have the right to have a Nurse Representative present at the meeting. If requested, the

nurse shall be given a maximum of four (4) hours to contact a Nurse Representative. The interview will occur prior to the end of the nurse's shift. If the nurse declines representation from available Nurse Representatives, the interview will proceed without representation. The Union will provide a list of Nurse Representatives to the Hospital. The Union will provide an updated list to the Hospital when additional Nurse Representatives are added.

Section 3. Employee evaluations and/or coachings are not considered formal discipline, and shall not be used as part of progressive discipline.

Section 4. Any disciplinary action involving a nurse, shall be conducted privately and in a manner that preserves mutual dignity, respect, and confidentiality.

ARTICLE 9 PERSONNEL FILES AND EVALUATIONS

Section 1. Written Warnings, Second Written Warnings, and Final Written Warnings shall be cleared from the employee's record after one (1) year, provided that the one (1) year is free of infractions. Time away from the job for injury or illness, disciplinary suspensions, or leave of any kind (excluding FMLA leave, paid jury duty, paid bereavement leave and military leave, as set forth in this Agreement) shall not count in calculating the time limits referenced in this Section. In other words, the "clock" stops for purposes of counting the time.

Section 2. Any employee whose job performance or conduct becomes subject to evaluation shall have the right to participate in a review of such evaluation. Evaluation of an employee shall be performed by his/her immediate supervisor or designee and electronically acknowledged or signed by the employee. Such electronic acknowledgement or signature shall signify only that the evaluation has been reviewed with the employee and shall not indicate concurrence in the content of the evaluation. The employee shall have the right to add written comments within the electronic evaluation tool in response to any material he/she finds objectionable and his/her answer shall be produced

as part of his/her personnel file. Any employee who is aggrieved by the content of the evaluation shall have the right to pursue his/her disagreement through the grievance procedure, but shall not have the right to proceed to arbitration.

Section 3. Any employee or a representative of the Union with the employee's written consent, shall have the right to review the contents of the employee's personnel file. Personnel file requests may be made to Human Resources and said file(s) shall be made available to the Union within three (3) business days of such request. If a grievance has been filed by the employee, the employee and/or Union Nurse Representative shall be entitled to copy material relevant to the grievance. Patient confidentiality shall be protected by the Union and SMMC.

Section 4. No material derogatory to an employee's conduct, work performance, character shall be placed in his/her personnel file unless the employee has had an opportunity to review the materials. The employee shall acknowledge that he/she has had such an opportunity by affixing his/her signature to the material to be filed. However, such signature by the employee shall not indicate his/her concurrence in the contents of such material.

ARTICLE 10 SENIORITY

Section 1. Definition.

(a) Trinity Health System length of service (hereinafter "THS length of service") is defined as the most recent date of hire at Trinity Health in any job title, except as provided in the Trinity Health Rehire Policy. THS length of service shall determine entitlement to vacation, sick and Paid Time Off (hereinafter called "PTO") leave and all fringe benefits, including the retirement plans, subject to all the requirements of such plans.

(b) St. Mary Medical Center bargaining unit seniority (hereinafter "seniority") is defined as the continuous length of time measured from an employee's date of hire into a bargaining unit

position as defined in Article 1. Seniority may be considered, in part, as specified elsewhere within this agreement for vacation and holiday selection, job bidding, transfer, layoff/displacement and recall.

Section 2. When two (2) or more employees are hired on the same day, seniority shall be based upon the “alpha” sequence of their surnames as of their date of hire.

Section 3. Loss of Seniority/THS Service Date shall occur when:

- (1) An employee voluntarily terminates employment;
- (2) An employee is discharged for just cause;
- (3) An employee is laid off for a period of twelve (12) months (twenty-four (24) months if employee has ten (10) or more years of continuous service);
- (4) An employee fails to return to work within seven (7) days following the end of a Leave of Absence (LOA) without a reasonable justification acceptable to SMMC;
- (5) Engaging in gainful employment that contradicts the stated purpose of the leave during any leave of absence;
- (6) An employee declines an offer of recall from layoff to a comparable position;
- (7) An employee is absent for seventy-two (72) consecutive hours without notifying SMMC unless the employee presents a reasonable justification showing that such notice was not possible;
- (8) An employee fails to accept an offer of reinstatement within three (3) days and report for work following recall from layoff or a decision of an arbitrator reinstating an employee who was discharged within fourteen (14) days after being notified by telephone, email, and mail at the last address in SMMC’s records.

Section 4. An employee who leaves the bargaining unit to accept any Trinity Health (including SMMC) position and maintains continuous service within THS but returns to a bargaining unit position within one (1) year shall have his/her bargaining unit seniority restored upon completing a “bridge” period equal in time to the period she/he was out of the bargaining unit.

ARTICLE 11 POSTINGS AND JOB BIDDING

Section 1. SMMC shall post all openings for bargaining unit positions. Postings, which are electronic, shall include job title, hours, unit and FTE status. Employees shall be able to receive job alerts via e-mail by joining the Talent Network through the Trinity Health careers webpage.

Section 2. The posting shall remain for a minimum of seven (7) days prior to the filling of such positions. All applicants shall be notified electronically as to their status regarding the opening within a reasonable amount of time.

Section 3. Nurses in the bargaining unit shall have priority in applying for posted bargaining unit positions. Where qualifications are relatively equal, SMMC seniority will be the determining factor.

Section 4. Vacant or new bargaining unit positions will not be filled by non-bargaining unit candidates until such time as the job has been posted, as set forth in Section 2, and there are no successful candidates who meet the posting requirements.

Section 5. SMMC will supply the Union with a list of open bargaining unit positions including shift and hours on a monthly basis.

Section 6. A successful bidder shall be awarded the position within six (6) weeks after being notified of his/her acceptance.

Section 7. A nurse may reduce his/her scheduled hours with written agreement of the Nurse Manager, which shall not be unreasonably denied. The decision of the Nurse Manager shall not be subject to the

grievance procedure. All hours reduced shall not become effective until after the hours are posted for bidding and filled in the nurse's unit. (For example, a nurse requests, and the manager agrees, to reduce his/her hours from 36 hours to 24 hours per week. The reduction in hours will become effective when the 12 hours he/she is dropping are posted and appropriately filled.)

Section 8. An employee who has successfully bid on a posted vacancy may not bid on another vacancy during the six (6) months following the date of transfer, except by mutual agreement between the Nurse Manager and the employee. New employees shall have the right to bid for vacant bargaining unit positions after completion of six (6) months of continuous service.

Section 9. A nurse on a Leave of Absence who bids on a position may be granted the position provided he/she is prepared to return to work after completion of the leave, or within thirty (30) days of the expiration of the job posting, whichever is later.

Section 10. Employees who are on a Performance Improvement Plan or have a Final Warning on their disciplinary record are not eligible to bid on vacant positions, except by mutual agreement between the Nurse Manager and the employee.

ARTICLE 12 LAYOFF AND RECALL

Section 1. In the event of a layoff, SMMC will notify the affected employees and Union at least sixty (60) days in advance. SMMC agrees to meet with the Union and the affected employees to discuss relevant issues.

Section 2. In the event of a layoff, the order of layoff shall be volunteers first, then probationary and temporary employees in any affected department shall be laid off next and then any remaining employees shall be laid off on the basis of inverse seniority.

Section 3. The laid off employee may accept the layoff or bump the least senior employee with comparable level shift and status (full-

time/part-time) employee in their department. If no comparable level position exists in the department or if the laid off employee is the least senior employee in the department, he/she may bump the least senior employee in the bargaining unit whose position they are qualified for and capable of performing with a 2-week orientation.

Section 4. Employees eligible for Medical Plan Benefits that are laid off shall be able to maintain their Medical Plan Benefits in accordance with the ongoing premium sharing cost based on the following schedule:

(a) less than one (1) year continuous service, sixty (60) days of Medical Plan coverage;

(b) more than one (1) year but less than five (5) years, one hundred and eighty (180) days of Medical Plan coverage;

(c) more than five (5) years, employee shall receive three hundred and sixty-five (365) days of Medical Coverage.

Section 5. An employee who is laid off shall have recall rights to a position for which he/she is qualified to work for one (1) year. Employees laid off (including any employees who bumped or were bumped) shall be recalled in inverse order of layoff. An employee who declines the offer of a recall to a comparable position shall forfeit further recall rights. An employee who accepts recall to a position with a reduced number of hours shall retain rights to the first comparable position from which he/she was laid off for one (1) year. Probationary and temporary employees do not have recall rights.

Section 6. Employees who are laid off shall be covered under the Hospital's Severance Pay Plan in accordance with the terms and conditions of the plan, as amended from time to time; provided, however, that notwithstanding any provision of the Hospital's Severance Pay Plan to the contrary, .6 or more FTE employees will be eligible for up to four (4) weeks of severance pay and continuance of medical and prescription drug benefits plus one (1) week of severance pay and continuation of medical and prescription drug benefits for every year of service up to a maximum of twenty-six (26) weeks. An employee's portion of the cost

of the medical and prescription drug coverage continued during the severance period will be withheld from the employee's severance payments.

ARTICLE 13

HOURS, OVERTIME AND SCHEDULES

Section 1. The pay period begins on Sunday and ends on Saturday. Pay periods span fourteen (14) days and employees are paid every two (2) weeks.

Section 2. There are regular shifts of four (4), eight (8), ten (10), and twelve (12) hours. There can be other shift durations, as determined by SMMC upon advance notice to the Union. If, to address patient care needs, SMMC changes a nurse's shift duration, SMMC shall notify the nurse of such change at least six (6) weeks prior to the change.

Section 3. Meals and breaks. All employees shall receive a thirty (30) minute duty-free meal period during each shift. If job duties interrupt or prevent a nurse from taking their scheduled meal break, he/she must notify their immediate supervisor and non-exempt employees shall be paid at the appropriate rate of pay for the full meal break, unless the scheduled meal break can be rescheduled. In addition, all employees working at least eight (8) consecutive hours shall receive one fifteen (15) minute paid break. Employees working a twelve (12) hour shift shall receive an additional fifteen (15) minute break.

Section 4. Overtime. Non-exempt employees shall be paid time and one-half their regular rate of pay for all hours worked in excess forty (40) hours in a week. Overtime must be authorized by the immediate supervisor or designee.

Section 5. Schedules. Schedules shall be posted at least two (2) weeks in advance of the start of the schedule. Once posted, the schedule will not be changed except by mutual agreement between SMMC and the nurse. Other than as specifically set forth in this Agreement, each unit shall establish equitable guidelines for signing up for extra shifts and overtime to ensure fairness and transparency in the schedules, subject to SMMC approval. Within 45 days of ratification, the Union will supply

the names of the schedulers appointed by the Scheduling Committee for each unit to the Hospital. As the schedulers change, the Union shall notify the Hospital in writing. All nurses will utilize self-scheduling using the Hospital's system. The order of self-scheduling shall be as follows: Full-Time nurses/Part-Time nurses will self-schedule and then Per Diem nurses will self-schedule for any open and available shifts. Then, the schedulers, on behalf of the Scheduling Committee, will then review the schedule and use the Hospital's system to submit a balanced schedule to the manager for approval at least two (2) weeks prior to the posting deadline. If at least one (1) week prior to the posting deadline, the schedule is not balanced, the manager may make any changes necessary to balance it. If a schedule is not submitted to the manager for approval at least two (2) weeks prior to the posting deadline, the manager may make the schedule.

Section 6. Weekends.

- a) Full Time and Part Time employees employed as of the date of ratification who are not part of the established Weekend Program will be required to work no more than every third weekend.
- b) All new bargaining unit vacancies will be posted to reflect a weekend requirement of every third weekend.
- c) All employees who are part of the established weekend program must comply with all current requirements of that program. Weekend program nurses shall be allowed up to seventy-two (72) hours of unscheduled time off in a rolling twelve (12) month period. Absences in excess of the 72 hours of unscheduled time off in a rolling twelve (12) month period will result in termination.
- d) Any employee who calls out of work for a scheduled weekend shift using Unscheduled Time Off must make the weekend shift(s) within four (4) weeks of the missed weekend shift(s), and at the same shift hours as originally scheduled (e.g., if a 12 hour shift is missed, the makeup shift would also be 12 hours). This will apply even if such make-up shift requires the nurse to work more than one shift every third weekend. SMMC reserves the right to adjust any such employees'

schedule so that making up the missed weekend shift(s) does not result in the employee working overtime.

e) Pool nurses shall be required to work weekend shift requirements per the Tier requirements.

Section 7. Unless permissible under Act 102 (Prohibition of Excessive Overtime in Health Care Facilities), no nurse will be required to work beyond the end of their regularly scheduled shift.

ARTICLE 15 STAFFING

Section 1. SMMC and the Union agree that it is the goal of both parties to provide high quality nursing care to all patients. SMMC and the Union also recognize that nurses should participate in decisions affecting the delivery of care.

Section 2. The parties recognize adherence to the staffing guidelines on a shift or portion of a shift can be affected by the unavailability of RNs and unforeseen emergent circumstances (no call, no shows; a nurse goes home sick, an increase in census equal to a full assignment based on the guidelines for each individual unit). In the event that such unforeseen emergent circumstances, as defined above, render

the hospital unable to meet its staffing guidelines on a unit for a shift or a portion of the shift, the Clinical Lead or Charge Nurse of the work area shall notify the Nurse Manager, Nurse Supervisor, or designee of the situation. SMMC shall first utilize Article 14 (Temporary Reassignment), if possible, to address the situation. If the situation remains unresolved, SMMC shall exhaust all reasonable steps to meet the guidelines. Specifically, if SMMC determines that additional staff is needed, it will use its best efforts to obtain additional staff and explore available options, including, but not limited to:

- (1) Assigning a member of the Float Team;
- (2) Calling per diem staff to work;
- (3) Posting needs for extra shifts or overtime.
- (4) Offering incentives, at the Hospital's discretion;
- (5) Attempting to use third party agency staff.

Section 3. Nurses who have not completed their orientation shall not be counted in the staffing guideline.

Section 4. SMMC will maintain a multi-skilled Float Team which will have a Critical Care/ER component and a Med-Surg component. Positions will be allocated to ensure availability of budgeted float RNs on AM and PM shifts to support staffing needs. Float team nurses may be hired as pool nurses, regular Full-Time nurses, or regular Part-Time nurses. As set forth in Appendix A, pool nurses assigned to the Float team will be paid according to the Float team scale, rather than the Pool/Tier scale.

Section 5. SMMC shall provide at minimum a Certified Vascular Access Nurse, 1.0 FTE, as scheduled by the Hospital.

Section 6. SMMC agrees to use its best efforts to hire RN FTE's in all units and for all shifts to meet the current staffing guidelines. On a quarterly basis, the Hospital shall provide the following to the Union: projected quarterly ADC by unit; actual quarterly ADC by unit; number

of budgeted FTE's required to meet the staffing guidelines for each unit; actual FTE's for each unit.

Section 7. A. Staffing shall take into account projected admissions over the course of the shift, as well as acuity.

B. The Hospital shall use its best efforts to schedule staff in order to meet the staffing guideline, and shall use its best efforts to not cancel staff below the guidelines.

C. The Hospital shall use its best efforts to staff one-to-ones with staff in addition to those in the guidelines.

Section 8. SMMC and the Union agree that the staffing guidelines dates July 16, 2025 will remain in place through the end of 2027 (December 31, 2027). Thereafter, SMMC retains all rights to make changes to the staffing guidelines. Prior to making any changes, the Hospital will give the Union at least thirty (30) days' notice of such changes and will meet with the Union to discuss (not negotiate) the changes to the staffing guidelines. Situations that may warrant changes to the staffing guidelines include, but are not limited to, technological, clinical, or business decisions.

If there are significant technological changes, clinical advances or changes, or significant business changes, either party may notify the other in writing of the desire to meet and discuss changes to the guidelines. If such notice is given, the parties agree to meet within fourteen (14) calendar days to discuss (not negotiate) potential changes to the guidelines.

Section 9. Staffing issues may be addressed in Joint Staffing Committee, per Article 26, Section 2.

Section 10. The Nursing Leadership Team shall round on the units and communicate with the Clinical Lead/Charge Nurse throughout each shift to assess acuity and staffing needs. Provided the Hospital determines patient care needs can be met by existing nurses on the unit, charge nurses shall have a reduced patient assignment. Charge Nurse assignments will be made on a rotating basis as per Article 16, Section 5.

Each shift opportunity for Charge will be assigned on a rotating basis.

Additional contribution requirements may be applicable to bargaining unit employees with a base annual salary at or above the Social Security Wage Base. A Hospital-Union committee will be formed entitled, “Joint Staffing and Scheduling Committee.” SMMC representatives shall include: CNO or designee and appropriate nursing leadership. The Union representatives shall include: one (1) staff RN elected by his/her peers from each nursing unit, and one (1) SMUNU Executive Board Member. Elections for the Union representatives shall be held in September and will be managed by an Executive Board member and a Manager from each unit. Elections for Joint Staffing Committee (and NQPC) shall be for two (2) year terms. The elections for the Union representatives (and for the Union Representatives on the NQPC) shall take place so that the Joint Staffing Committee elections shall be held in even years, and the NQPC in odd years. Initial elections shall take place within sixty (60) days upon ratification. Times and places for the Joint Staffing Committee meeting shall be mutually agreed upon. The Union shall use its best efforts to assure that only fifty percent (50%) of the Union representatives on the joint staffing committee also serve on the Nurses Quality and Practice Committee at the same time.

(1) The Joint Staffing Committee shall promote a commitment to excellence in nursing practice by addressing issues and making recommendations to the Hospital concerning staffing, technology, training, equipment, supplies and all aspects of hospital policy affecting nurse practice. The Committee shall also identify performance improvement and quality issues to ensure delivery of excellent nursing care and review staffing forms.

(2) The CNO shall respond in writing within thirty (30) days, except for good cause, upon receiving the recommendations from the Joint Staffing Committee.

Section 3. Nurse Quality and Practice Committee. There shall be a Joint Nurse Quality and Practice Committee which shall promote a commitment to excellence in nursing practice by addressing issues and making recommendations regarding practice/process and clinical policies and procedures.

Section 4. Unit-Based Councils. Each unit shall have a unit-based council composed of staff RNs from each shift on the unit (elected by nurses on the unit covered by the terms of this Collective Bargaining Agreement) and the union nurse representative for that unit along with the nurse manager and other SMMC representatives as may be appropriate. Each unit-based council shall meet at least ten (10) months a year. The purpose of each council is to address unit specific issues.

Section 5. Hospital-wide Labor-Management Committee. There shall be a hospital-wide Labor-Management Committee which will meet at least ten (10) months a year. The Labor-Management Committee shall be the forum where general issues not covered by other standing committees shall be addressed.

ARTICLE 28 SEPARABILITY

Section 1. It is understood and agreed that all agreements herein are subject to all applicable laws now or hereafter in effect; and to the lawful regulations, rulings and orders of regulatory commissions or agencies having jurisdiction. If any provisions of this Agreement is in contravention of the laws or regulations of the United States or of the State of Pennsylvania, such provision shall be superseded by the appropriate provision of such law or regulation, so long as same is in force and effect; but all other provisions of this Agreement shall continue in full force and effect.

Section 2. In the event that any Article or Section of this Agreement is held invalid or enforcement of or compliance has been restrained, SMMC and the Union shall enter into negotiations for the purpose of arriving at a mutually satisfactory replacement provision.

ARTICLE 29 SUCCESSORSHIP

Section 1. SMMC will provide the Union with a minimum of sixty (60) days' notice of any sale, merger or closure of the Hospital. Upon giving such notice, the Hospital will meet to negotiate the effects on members of the bargaining unit of its plans regarding the sale, merger, or closure. Any such negotiations shall not delay any sale, merger, or closure. SMMC shall require as a condition of any sale or merger of the Hospital that the prospective acquirer, or merging entity, agrees in writing to recognize the Union.

Section 2. In addition, SMMC will make every effort to require that this Agreement shall be binding on any and all successors and assigns of SMMC whether by sale, transfer, merger, acquisition, consolidation or

otherwise. SMMC will make every effort to make it a condition of transfer that its successor shall be bound by the terms of this agreement.

ARTICLE 30

NO STRIKE/NO LOCKOUT

Section 1. No employee shall engage in any strike, sit-down, sit-in, slow down, cessation or stoppage or interruption of Work, boycott or other interferences with the operation of SMMC. No employees shall engage in picketing of any kind, including but not limited to “informational picketing.”

Section 2. The UNION, its officers, agents, representatives and members, shall not in any way, directly or indirectly, authorize, assist, encourage, condone, participate in or sanction any strike, sit-down, sit-in, slow-down or picketing of any kind, including but not limited to “informational picketing,” cessation or stoppage or interruption of work, boycott, or other interference with the operations of SMMC, or ratify, condone or lend support to any such conduct or action.

Section 3. In addition to any other liability, remedy or right provided by applicable law or statute, should a strike, sit-down, sit-in, slow-down, cessation or stoppage or interruption of work, boycott, or other interference with the operations of the SMMC occur, the UNION shall immediately upon a request by SMMC:

- (a) Publicly disavow such action by the employees.
- (b) Advise SMMC in writing that such action by employees has not been called or sanctioned by the UNION.
- (c) Notify employees that such action is in violation of this Agreement and instruct such employees to cease such action and return to work immediately.
- (d) Post notices at UNION bulletin boards advising that such action is in violation of this Agreement, and instructing employees to return to work immediately.

Section 4. SMMC agrees that it will not lockout employees during the term of this Agreement.

Section 5. Any employee engaging in activity prohibited by this Article shall be subject to immediate discipline including discharge.

Section 6. In the event of an alleged or asserted breach of this Article, either SMMC or the UNION may resort to courts with competent jurisdiction.

ARTICLE 31 MANAGEMENT RIGHTS

Section 1. The management of SMMC and the direction of the working force are vested exclusively with SMMC. Except where expressly abridged by a specific provision of this Agreement, SMMC retains the sole right to hire, discipline, suspend or discharge for just cause, layoff, promote, transfer and assign its employees; to determine or change the work week and the starting and quitting time and number of hours worked; to promulgate reasonable working rules and regulations; to assign duties to the work force; to establish new job classifications; to organize, discontinue, enlarge or reduce a department, function or division; to assign, reassign or transfer employees to other departments as operations may require; to introduce new or improved facilities; to carry out the ordinary and customary functions of management whether or not possessed by SMMC prior to the execution of this Agreement.

Section 2. SMMC may introduce a change in the method or methods of operation which will produce a change in job duties and reduction in personnel in any department. Nothing contained in this Agreement shall prevent the implementation of a program and of work force reductions in any program to be hereafter under-taken by SMMC.

Section 3. The UNION and SMMC agree to work cooperatively to attain and maintain maximum quality patient care and full efficiency.

Section 4. The provisions of subparagraphs 1 and 2, above, constitute a clear, unmistakable and unequivocal waiver by the UNION

of SMMC's duty to bargain during the term of this Agreement concerning all the subjects set forth therein.

ARTICLE 32 ON CALL

Section 1. The departments which may utilize on-call include: ASU/PACU, Heart and Vascular Center (Heart and Vascular Center/Interventional Radiology), Endoscopy, OR, and Radiology. Nurses who are on-call shall be paid five dollars (\$5.00) per hour except that nurses on the Open Heart Team, Endoscopy, Neuro IR Team, and Heart and Vascular Center/Interventional Radiology and RNFAs shall be paid ten dollars (\$10.00) per hour while on-call. **Section 2.** A non-exempt nurse shall be paid at time and one-half their regular rate for a minimum of three (3) hours when called back to work. An exempt nurse may be eligible for callback for time worked above and beyond their normal schedule in two (2) hour blocks of time. Nurses will not receive on-call pay for time worked in addition to call-back pay. Nurses on-call must be work-ready and available to report to work within thirty (30) minutes or less when called. Nurses who are not available to report, or who are not work-ready upon reporting, shall be subject to the Absenteeism and Tardiness policy and any other applicable rules, expectations or policies. Thirty (30) minutes or less beyond the end of a scheduled shift will be considered a continuum of the shift and will not be eligible for on-call or callback premiums. Callbacks less than thirty (30) minutes apart equate to a continuum of shift, and callback minimum amounts would not apply. The three (3) hour minimum for non-exempt nurses applies only when a bona fide break of thirty (30) minutes has occurred between paid call back periods; pyramiding of call back premiums is not permitted. Nurses in the procedural areas who have been called in and who have worked at least two (2) hours past 11:00 pm in the eight (8) hour period preceding the start of their scheduled shift may exercise one of the following options:

(a) Options:

(1) Start work at their scheduled start time and work their entire shift; or

(2) Start work at their scheduled start time and leave after working a minimum of one-half (1/2) of their scheduled shift; or

(3) Come in up to four (4) hours after their scheduled start time and work the remainder of their shift.

(4) A nurse who has fewer than eight (8) hours off prior to the start of her/his next scheduled shift shall be given the opportunity to have an excused, full eight (8) hours off before reporting to work for their next scheduled shift. Employees can use PTO, if available, to cover unscheduled time not worked, or take the time as unpaid.

(b) Employees selecting options (2) or (3) in subsection (a) above, can use PTO, if available, to cover scheduled time not worked, or take the time as unpaid. If a nurse chooses to take the time as unpaid, no attendance penalty will be incurred.

(c) The nurse must inform their immediate supervisor on duty of his/her option as outline above at the conclusion of their on-call assignment.

Section 3. Call Rooms. The Hospital will provide and maintain two (2) call rooms for nurses in perioperative areas.

ARTICLE 33 JUST CULTURE

The parties agree to endorse the Just Culture/Safe Choices model.

Management and the Union agree to support Just Culture/Safe Choices for all nurses and will support adherence to its principles.

ARTICLE 34 TEMPORARY CANCELLATION

Section 1. Temporary Cancellation/Low Census. In the event of low census on a unit and SMMC has already reassigned nurses according

to the provisions of Article 14 and has assigned Float Team nurses, and SMMC wishes to further temporarily reduce the staff on that unit for all or part of a shift, the cancellation order shall be as follows:

- a) Agency nurses
- b) Overtime/Extra shifts/Premium pay shifts
- c) Volunteers
- d) Pool (inverse seniority on rotating basis)
- e) Finally, if a need remains, regular Part-Time and Full-Time nurses (including regular Part-Time and Full-Time nurses on the Float Team).

Section 2. If, upon the Hospital's review of staffing, at least one-third of the nurses working in a unit are at the maximum patient assignment as set forth in the then-current staffing guidelines, the Hospital will, prior to cancellation of a nurse who is not in overtime status, offer the nurse functional duties, as outlined in Appendix C. If the Hospital determines there is an increase in patient census requiring additional clinical staffing, nurses assigned to functional duties may be reassigned to a unit within their clinical grouping. Section 3. If a nurse is canceled for part of a shift, s/he shall not be subject to further cancellation of all or part of the same shift, unless he/she volunteers to remain available or volunteers for further cancellation.

Section 3. Colleagues who report to work and then are subsequently canceled will receive a minimum of one (1) hour of pay inclusive of any time worked. Cancellation calls placed to nurses in advance of the start of the shift shall be logged in the staffing office. A nurse's failure to answer the call, or retrieve a voice message does not invalidate the cancellation.

ARTICLE 35

TERM OF AGREEMENT

Except as otherwise provided herein, this Agreement shall become effective when ratified and shall remain in effect until 11:59 p.m. on March 1, 2029 and shall continue in full force and effect from year to year thereafter unless and until either party shall give to the other

party notice by certified mail, return receipt requested, at least ninety (90) days prior to the expiration date of March 1, 2029, or to the expiration date in any year thereafter, of an intention to terminate, cancel or modify the Agreement.
